Abstract

*Education is the key for development of any nation and it depends on the quality of teachers. Knowledge, dedication, quality, professional commitment and motivation of teachers are the factors responsible for quality education and learner achievement. Teachers understand every student's potential, learning speed, interests, etc., guide them, and provide feedback to improve themselves. To achieve the outcome of enhanced quality at all levels of education, Govt. of India has been focusing its attention on quality and excellence in all levels of education. The present paper focuses on changing role of teacher educators in view of NEP2020. It also highlights the various roles which teachers should played in classrooms given by NEP2020. .“Education begins at home”, there is no truer sentence, but the education a child acquires at school is just as important to mold the lifestyle of the child. NEP 2020 aims at making the education system holistic, flexible, and multidisciplinary and also to meet the needs and demands of 21st century. **Keywords:** New Education Policy 2020, Teacher’s Role, Student, School Education.*

Introduction

The National Policy in Education was prepared to improve the quality of education in the country and was focused on providing education facilities to all the citizen of the nation. The new education policy must be help recruit the very best and brightest to entire the teaching profession at all levels. Teacher education is vital in creating a pool of school teachers that will shape the next generation. Teacher prepare is an activity that requires multidisciplinary perspective and knowledge. Education is a dynamic process. Teacher performance is the most crucial input in the field of education. The education gives a new shape to the individual and the nation as well.

Recruitment of additional teachers in some areas of school education should be easy, some examples of these special needs include teaching the subjects for the students with disabilities in middle and secondary levels and students who have difficulty in learning. Teachers have the knowledge as well as skills. National residential summer programmers for secondary school students must include in various disciplines. National Education Policy (NEP) is a comprehensive framework to guide the development of education in the country. The need for a policy was first felt in 1964 and by the suggestions of Kothari Commission first education policy was passed in 1968. The second policy for education came in 1986 and it was revised in 1992.

Review of literature

Boylu and Kardas (2020) carried out a research entitled that, teachers and students on slang in teaching turkish as a foreign language. Based on the findings of the study, the majority of teachers and students generally had a positive opinion about the learning.

Argawati and Suryani (2020) It found that, Project-based learning in teaching writing: the implementation and student opinion. The results of the study were found that the implementations of project-based learning in teaching writing were worked well. It could be seen from the student's responses during the implementation of this method as they gave positive opinion toward the method used; they actively involved in learning process meaning of some words may cause problems in their social environment.

Saloviita (2020) in their articles entitled that, attitudes of teachers towards inclusive education in Finland. The results illustrate the attitudinal climate of teachers towards inclusion and indicate the existing potential for policy change.

Objectives of the study:

- ❖ To understand the basic elements of NEP .
- ❖ To study role of teachers and students in NEP.
- ❖ To study the relevance of NEP in teachers.

Role of students

Attending classes on time and regularly. Being prepared for classes with all necessary supplies. Taking good care of school property. Completing all homework assignments.

Roles of a Teacher

The primary role of a teacher hasn't changed over time. Today, a teacher's responsibility goes beyond expecting students to follow as they lead a strategy that's been used for centuries. Now, teachers are expected to offer rich, unique and tailored learning experiences to their students. The major role of a teacher is to support learners in their quest for new knowledge on a specified set of subjects. This applies to students of all ages, from preschool to post-graduate learners.

- ❖ Providing mentorship.
- ❖ Inspiring learners.
- ❖ Nurturing healthy curiosity in learners.
- ❖ Creating meaningful learning experiences.
- ❖ Leveraging technology to support learning.
- ❖ Mediating and liaising.
- ❖ Researching learning strategies.

Impact on Students

NEP 2020 will open up new learning opportunities to the students. Its biggest impact would be the change in the learning environment and the learning process for the students. The new education policy will

- ❖ Increase focus on the skill improvement and competency development of the students.
- ❖ Make the students future-ready by building 21st-century skills.
- ❖ Make students focus on both academic and non-academic pursuits.
- ❖ Provide various learning opportunities for pre-primary, open, and distance-learning students.
- ❖ Give access to counseling and other services for students.

Impact on Teachers

Therefore, the Government of India has decided to make their teachers more skilled and equipped with futuristic teaching skills. See what teachers will get from the new education policy

- ❖ Introduction of professional teaching standards.
- ❖ Clearer outlined roles and responsibilities.
- ❖ Training to monitor and improve their capabilities.
- ❖ More focus on 21st-century teaching skills.
- ❖ A transparent recruitment and selection process for teachers to motivate them and improve their performance.

Student activity and participation

- ❖ Plenty of opportunities for participation in sports, culture/arts clubs, eco-clubs, activity clubs, community service projects, etc.
- ❖ In every education institution, there shall be counseling systems for handling stress and emotional adjustments.
- ❖ Increasing hostel facilities as needed.
- ❖ All HEIs will ensure quality medical facilities for all students in their institutions.

Financial support for students

- ❖ Efforts will be made to incentivize the merit of students belonging to SC, ST, OBC, and other SEDGs.
- ❖ Private HEIs will be encouraged to offer larger numbers of free ships and scholarships to their students.

Classroom challenges

Are one of the adequate problems faced by teachers and a good teacher has the courage to overcome all these challenges bravely. Some of the common classroom challenges faced by teachers include lack of teamwork, minimal personal time, working towards long term goals, arguments and student excuses, etc.

- ❖ Lack of Time for Planning
- ❖ Lot of Paperwork
- ❖ Balancing Diverse Learning Needs

- ❖ Changing Educational Trends
- ❖ Lack of Self-Time

Need for the study

In India, National Education Policy (NEP) 2020 is announced recently by the MHRD, with a tremendous transformation in the education system and in order to provide high quality education to all. NEP 2020 aims at making the education system holistic, flexible, and multidisciplinary and also to meet the needs and demands of 21st century. The NEP 2020 is based on the foundation pillars such as access, affordability, equity, quality and accountability.

Conclusion

Teachers are best known for the role of educating the students that are placed in their care. The role of teachers is to shape the minds of the younger generation. Teachers must be passionate, motivated and well qualified, and well trained in content, pedagogy, and practice. Creating classroom environment well qualified, well content, and monitoring and facilitator.

Role of Teacher Passionate and motivated Pedagogy, and Practice. Creating Classroom Environment Well qualified, passionate, motivated, and well qualified, and well trained in content, pedagogy, and practice.

Teachers play very important roles in the lives of the students in their classrooms. Teachers are best known for the role of educating the students that are placed in their care. Beyond that, teachers serve many other roles in the classroom. Role of Teacher Passionate and motivated Pedagogy, and Practice. Creating Classroom Environment Well qualified, well trained in content, monitoring and facilitator
